Notes 1 - 32 - - See pages following

(1) Net interest income is budgeted at \$66,346,000, which is \$6,977,000 more than was budgeted in FY 15. We anticipate lower rates earned on higher average balances for mortgage loans compared to FY 15. Higher interest rates received on lower average balances for investments are anticipated for FY 16. We anticipate bond interest expense to decrease due to lower interest rates paid on higher bond balances in FY 16 over the budgeted amount in FY 15.

The components of interest income are estimated as follows:

	Average <u>Balance</u>	Average <u>Rate</u>	Budget <u>Amount</u>
Interest income:			
Mortgage loans	\$2,245,148,000	5.360 %	\$120,348,000
Investments	\$ 521,470,000	4.372 %	22,799,000
Interest expense on bonds	\$1,999,893,000	3.840 %	(76,801,000)
Net interest income			\$ 66,346,000

- (2) Section 8 and Family Self Sufficiency Administration fees are expected to stay flat compared to the prior year.
- (3) Represents funds available for administering other federal programs, including the HOME Program (\$1,275,000), NMS Program (\$200,000), NSP Programs (\$0), SHPO (\$500,000) Hardest-Hit Fund (\$1,860,000) and CDBG Program (\$125,000).
- (4) Budgeted amount includes preservation fees of 12,457,000 from anticipated prepayments on multifamily loans and \$390,000 of funds received from the required annual payments from projects surplus cash. The amount of preservation fee income could vary significantly from the budgeted amount. It is based on large payments from a small number of projects that are anticipated to prepay their multi-family loan. Actual prepayments may not take place or may exceed our expectations.
- (5) Budget amount of \$7,152,000 includes fees expected to be received from administering the Mortgage Credit Certificate program (\$231,000) and the Low Income Housing Tax Credit Program (\$3,500,000), administrative oversight fees to be received from developments that have prepaid their mortgage loans (\$1,250,000), SHPO fees (\$400,000), late fee/prepayment penalties on mortgages (\$1,000,000), amortization of asset management fees (\$366,000), fees for the issuance of limited obligation bonds (\$0) and various smaller income items of (\$405,000).
- (6) Whether a bond retirement results in a gain or loss depends on the interest rate of the bond called relative to the average rate on the issue from which the bond is being called. We are budgeting a loss of \$300,000 for 2016.
- (7) We have projected no gain from the sale of other long-term investments.
- (8) Gain on the sale of securitized single family loans.
- (9) Fees expected to be received for administering the HUD Section 8 Contract Administration Program.

- (20) Reflects similar utilization of agents and higher fees paid to agents.
- (21) Temporary clericals and laborers.

- Budget amount includes \$105,000 of legal fees and \$75,000 for insurance premiums. Legal fees and insurance premiums expected to be flat in FY 15.
- (23) Represents the direct costs of originating multi-family loans. Pursuant to generally accepted accounting principles, the cost of making loans is deferred and amortized against interest income over the term of the loans. The increase represents an increase in the production of new loans.
- An increase in fees is expected due to a small increase in the amount of loans being serviced. There will be a small increase the amortization of the service release fee.
- (25) Servicing fees are expected to stay flat compared with FY 15.
- (26) Origination fees will stay flat due to a similar number of loans being originated.
- (27) Insurance premiums are expected to stay flat in FY 16.
- (28) An increase over last year's estimated actual due to more bonds anticipated being issued.
- A decrease over last year's estimated actual is budgeted because the number of bonds with liquidity facilities has decreased and so have the fees.
- (30) Assumes \$5,000,000 of write-offs and will decrease current reserve balance by \$200,000.
- Represents estimated expenditures for the Authority's rent subsidy programs that (1) provide up to a \$300 per unit per year subsidy for the total number of units in a project under the prior multi-family program (\$360,000), (2) provide a subsidy of up to \$400 per unit for each unit in a development under our taxable program so that some of the units can be afforded by very low income tenants who would otherwise be paying more than 40% of their income for rent (\$480,000), and (3) (\$360,000) for small size and security loans which are being expensed as paid due to the uncertainty of repayment. Excess subsidy repayments are estimated at (\$240,000).
- (32) Budgeted Authority grants are \$14,263,000.
- (33) This network is an ongoing responsibility of MSHDA with annual costs estimated at \$750,000.
